Innovation in Motion™
Since 1917

Perfection Delivered

Engineered to perform the first time, every time. Perfection. When it comes to laminating and binding, you want nothing less than perfection in the preservation and presentation of your document. This is why we engineer our laminating and binding products to set the industry standard for delivering perfection with ease, speed and reliability.

Features to Keep You Covered

Through in-depth research Fellowes gains insight into the most important consumer laminating needs. This understanding becomes the foundation for new features and new product improvements, which means a better laminating experience for our customers. By developing unique technologies, Fellowes takes the innovative lead over the competition and delivers engineering and high-quality performance with benchmark features that make laminating easier, faster and more productive.

PRODUCTIVITY

InstaHeat Technology

Rapid laminator warm-up for increased productivity.

AutoSense Technology

Detects pouch thickness and instantly self-adjusts to the optimal laminating setting.
