Channel Rebates & Brother Rewards Points

brother at your side

GOLD PARTNER

October 1st – December 31st, 2020

Ready for channel rebates and increased customer satisfaction?

We're running channel rebates on select Brother business products to help you offer reliable and robust solutions that can help solve challenging document management needs. These models are ideal for mid-sized workgroups with demanding print and scan volumes looking for a low total cost of ownership, advanced security features, and increased productivity.

Grouping a balanced mix of these models below and placing the right technology near workgroups that need them most can help your customers lower costs and improve productivity.

1 Based on one-sided printing. Change from default setting required.
2 The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond this range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.

3 Approx. toner cartridge yields in accordance with ISO / IEC 19752 (letter/A4)
4 Color and monochrome scan speed with all advanced features turned off, LTR at 300dpi..
5 Maximum number of scanned pages per day can be used to compare designed durability between like Brother products. For maximum product life, it is best to choose a scanner with a daily duty cycle that exceeds your requirements.
