

# Corporate Work from Home Solutions from Brother

When it comes to your business, it's essential to make the right technology buying decisions for your remote workforce to drive business continuity. To ensure employees can operate productively at home, they'll need access to compact printers that offer similar features and capabilities as the equipment in their corporate office. From corporate office to home office, Brother offers the technology and tools to help you manage your printer fleet.

## Brother offers corporate work from home solutions that provide more value beyond the box:

### ADVANCED SECURITY FEATURES

- ▶ Triple layer security features help limit device and document access and help protect from network intrusion
- ▶ Help eliminate outside threats while supporting the latest protocols
- ▶ Protect sensitive or confidential data over networks

### EASY TO MANAGE

- ▶ Device management tools help automate status reports
- ▶ Allow configuration of multiple network machines at one time
- ▶ Enable remote access to the control panel for troubleshooting or training
- ▶ One year exchange limited warranty. If a machine breaks, replacement device will be shipped directly to the employee's home

### PRODUCTIVITY AND CONNECTIVITY

- ▶ Powerful capabilities and fast print / scan speeds
- ▶ Create customized touchscreen shortcuts for frequently used functions
- ▶ Print from and scan to popular business cloud services directly from the Touchscreen of select devices<sup>1</sup>
- ▶ Advanced connectivity options including wireless networking, and mobile device printing and scanning<sup>2</sup>

### SAFE AND EASY SETUP

- ▶ Delivery to an employee's doorstep
- ▶ Maximize uptime with automated deployment
- ▶ Available technical resources and support
- ▶ Free and easy toner recycling from home

## Brother is "at your side" with a complete portfolio of products for your remote office environment:
